INTRODUCTORY SECTION

FINANCE DEPARTMENT

GREGORY N. L'HEUREUX
Director of Finance

December 18, 2013

Honorable Gerard Jalbert, Mayor,
Distinguished Members of the City Council,
and Citizens of the City of South Portland, Maine

Maine state statutes and the South Portland City Charter require that the City issue annually a financial report audited in accordance with generally accepted auditing standards. Pursuant to these requirements, we hereby issue the comprehensive annual financial report of the City of South Portland, Maine, for the fiscal year ended June 30, 2013.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that is established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Runyon Kersteen Ouellette, Certified Public Accountants, has issued an unmodified ("clean") opinion on the City of South Portland, Maine's financial statements for the year ended June 30, 2013. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

The comprehensive annual financial report is presented in three sections: introductory, financial, and statistical. The introductory section, which is not audited, includes this transmittal letter, an organization chart, and a list of the City's principal elected and appointed officials. The financial section includes management's discussion and analysis of the City's financial activities, the basic financial statements and the combining and individual fund statements and schedules, as well as the independent auditor's report on the financial statements and schedules. The statistical section, which is not audited, includes selected financial and demographic information, generally presented on a multi-year basis.

The City is required to undergo an annual single audit in conformity with the Single Audit Act of 1984 and the U.S. Office of Management and Budget's Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. The "Single Audit" is designed to meet the special

needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. Information related to this single audit, including a schedule of expenditures of federal awards, findings, recommendations and the independent auditor's reports on the internal control and compliance with applicable laws and regulations are included in a separately issued single audit report.

Profile of the City of South Portland

The City of South Portland is located on the southern coast of the State of Maine in the southeastern section of the County of Cumberland, the State's most populous county. South Portland is the fourth largest city in Maine and the second largest in its region. The City currently occupies 12.93 square miles and serves a population of 25,002. Under Maine statutes, the City is empowered to levy a property tax on both real and personal property located within its boundaries.

The area of which the City is comprised was originally the northern part of the Town of Cape Elizabeth. Old Falmouth, incorporated in 1718, was formed of the area now encompassing the cities of Portland, South Portland and Westbrook and the towns of Cape Elizabeth and Falmouth. Due to the inconvenience of crossing the Fore River, Cape Elizabeth (then including the City) became established as the Second Parish of Falmouth in 1733, and on November 1, 1765 separated from Falmouth, being incorporated as the Town of Cape Elizabeth. On March 15, 1895, South Portland divided and set off the northern portion of Cape Elizabeth to become a town. A city charter was granted on March 22, 1898 and adopted on December 5, 1898 as the City of South Portland.

The City operates under the charter adopted on December 5, 1898, as amended, most recently in November of 1997, (the "Charter") providing for a Council-Manager form of government. Policy making and legislative authority is vested in a seven-member City Council, all elected on a non-partisan basis. The Council is composed of seven members, one elected from each of the City's five voting districts, and two members who are elected at-large. The Council members are elected for three-year staggered terms. The Charter grants to the City Council all powers to enact, amend, or repeal rules, ordinances and resolutions relating to the City's property, affairs and government, to preserve the public peace, health and safety, to establish personnel policies and giving effect to any vote of the City and to authorize the issuance of debt subject to referendum approval by the voters of the City. Through its Charter, the Council adopts an annual budget, provides for an annual audit, appoints committees, and hires the City Manager and City Clerk.

The City Manager is the chief executive officer and the head of the administrative branch of the City government. The City Manager is responsible for carrying out the policies and ordinances of the City Council, for overseeing the day-to-day operations of the City, and for appointing the heads of the City's departments. Under the City Charter, the City of South Portland's Education Department is a department of the City with an elected School Board and an appointed Superintendent of Schools.

The City of South Portland provides a full range of services, including police, ambulance and fire protection; construction and maintenance of highways, streets, sidewalks, parks and other infrastructure; sewer service and wastewater treatment; solid waste collection; public education; health and social welfare; public transportation; recreational and cultural activities; general administration and economic development.

The annual budget serves as the foundation for the City of South Portland's financial planning and control. All departments of the City of South Portland with the exception of the Education Department are required to submit requests for appropriation to the City Manager in January of each year. The City Manager uses these requests as the starting point for developing a proposed municipal budget. The City Manager then combines the proposed municipal budget with the Board of Education appropriation request for the Education Department and presents the total proposed budget to the City Council for review in March of each year. The City Council holds a public hearing on the proposed budget in April, and holds budget review workshops with the individual departments and the Board of Education in the months of April and May. The budget must be finally adopted by no later than 90 days after July 1, the beginning of the fiscal year, but is typically adopted in June.

The appropriated budget is prepared by fund, function (e.g., public safety) and department (e.g., police). The City Manager may transfer appropriations within a department. Transfers between departments, however, need approval from the City Council. Budget to actual comparisons are provided in this report for the general fund. This comparison is presented on page 36 as part of the basic financial statements for the governmental funds.

Relevant Financial Policies

The City's fund balance policy established a minimum unassigned fund balance in the general fund of 9%. In the event that the unassigned fund balance drops below this minimum level, the City will develop a plan implemented through the annual budget process to bring the balance back to the target level over a period of no more than three fiscal years. According to the policy, funds in excess of 12% may, with the approval of the City Council, be used for capital improvements or other one-time expenditures. For the year ended June 30, 2013, the amount of unassigned fund balance totaled \$10,144,040 or 13.6% of the fiscal year 2014 general fund budget.

Local Economy

Once principally a residential community, South Portland now enjoys a diversified commercial and industrial aspect to its economy. The City has been referred to as two cities, with the eastern half of the city sporting residential neighborhoods, a traditional downtown district, a waterfront, and the second busiest oil port on the entire East Coast, and the western half of the city hosting commercial, industrial, and advanced technology property.

The eastern half of the City is home to many of the City's residential neighborhoods, a traditional downtown district with a diverse mix of retail stores, restaurants, residential housing and professional offices, oil pipeline and storage tank farms, a municipal beach, a municipal boat ramp, numerous scenic parks, several marinas, two lighthouses, a maritime museum, and the State's largest community college.

The western half of the City is home to a regional mall that forms the hub of the largest shopping district in the State. Additionally, there are two world-class semiconductor factories and a number of major hotel chains. Major companies with headquarters or divisions located within the western half of the City include a semiconductor manufacturer, an international financial services company, and two insurance companies. The mall and surrounding businesses increase the population of the City from 25,002 to between 46,000 and 102,000 per day. According to the latest 2010 census figures, a total of 24,178 workers are employed in South Portland, and the City serves as a regional employment center.

The City exhibits above average wealth and housing levels relative to the State of Maine as a whole. The City experienced rapid tax base growth in the last ten years with its taxable base growing by \$1,170,608,000 or 45.9% from 2004 to 2009. This increase included the impact of a full revaluation done in 2007. However, from 2009 to 2013, the City's taxable base decreased by \$309,009,000 or 8.3%. Since the last revaluation in April 2006, market conditions due to the economy required the City to re-evaluate its property value tables in both 2009 and again in 2010. Over the past three years, valuations have stabilized. Additionally, there has also been a continued shift to exempt personal property with the implementation of the State of Maine Business Equipment Tax Exemption (BETE) reimbursement program. Under this program, the State reimburses the municipality for a portion of the taxes that would have been collected from this exempt property. For fiscal year 2013, the exempt value under BETE was \$164,089,100 and the City received BETE reimbursement at a rate 60% (and certain TIF property at 100%), totaling \$1,993,836. The City's current-year property tax collection rate remained at a very healthy 98.10%.

The City has a balanced and fairly diverse tax base with an approximately 50/50 split between residential (real) and commercial (real and personal) property value, its largest tax payer comprising 6.91% of its total tax base, and its top ten tax payers combined representing 21.45% of the total tax base.

Long-term Financial Planning

In preparing for the future, the City has identified several major programs necessary to meet citizens' needs for services, while continuing to meet the sharply rising fixed costs imposed on the City. Among these programs are a new municipal services facility, road repair and reconstruction, storm water separation, upgrades to Thornton Heights area, recreational activities, vehicle and equipment purchases, and building renovations. These initiatives were done in accordance with the City's basic financial planning document, its seven-year Capital Improvement Program (CIP), which is reviewed and updated annually by the City Council.

This year's capital plan calls for continuing work on the City's street paving program and sidewalk replacement program, sewer and storm water separation, City hall improvements, various vehicle replacements, traffic islands, and improvements to pedestrian/bicycle projects.

This year's multi-year equipment and vehicle replacement plan calls for the purchase of a new ambulance for the fire department and a new plow truck for the public works department. Additionally, this year's CIP includes continued funding of the numerous other projects including improvements to the City's information technology system, City Hall renovations, transit bus replacement reserves, improvements to combined sewer overflow projects for water resources, and numerous recreation and parks projects.

Major Initiatives

The Secondary Schools Facilities Committee has been working on the High School Renovation project since 2004. After numerous workshops and public review, the City Council sent the High School Project to the voters in early November of 2010. With a favorable vote of 60.8%, the voters of the City approved bonding of \$41.5 million for the project at South Portland High School. This project is anticipated to be done in two phases with phase one starting in the spring of 2013 and phase two in 2014. As part of the 2013 operating budget, the City contributed \$1,350,000 towards funding of the High School Project. During the past year, the first phase has been going full steam and the school anticipates moving into the new section of the high school in January of 2014 with the second phase starting thereafter. The City plans to bond for the second phase in the spring of 2014.

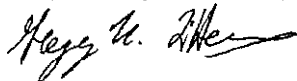

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of South Portland, Maine for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2012. This was the sixth year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City had to publish an easily readable and efficiently organized Comprehensive Annual Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated services of the Finance Department staff. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report. Appreciation is also extended to the accounting firm of Runyon Kersteen Ouellette for its assistance in the preparation and review of this report. Finally, credit must be given to the South Portland City Council and City Manager for their unfailing support for maintaining the highest standards of professionalism in the management of the City's finances.

Respectfully submitted,

Gregory N. L'Heureux
Director of Finance

Independent Auditor's Report

City Council
City of South Portland, Maine

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of South Portland, Maine as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of South Portland, Maine, as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund and the TIF Funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedule of funding progress as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of South Portland, Maine's basic financial statements. The introductory section, combining and individual fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial are fairly stated in all material respects in relation to the basic financial statements as a whole.

City Council
City of South Portland, Maine

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2013 on our consideration of the City of South Portland, Maine's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of South Portland, Maine's internal control over financial reporting and compliance.

South Portland, Maine

CITY OF SOUTH PORTLAND, MAINE
Management's Discussion and Analysis
June 30, 2013

As management of the City of South Portland, we offer readers of the City of South Portland's financial statements this narrative overview and analysis of the financial activities of the City of South Portland for the fiscal year ended June 30, 2013.

Financial Highlights

- The assets of the City of South Portland exceeded its liabilities at the close of the most recent fiscal year by \$163,358,468 (*net position*). Of this amount, \$25,314,816 (*unrestricted net position*) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$3,874,944.
- As of the close of the current fiscal year, the City of South Portland's governmental activities reported ending net position of \$102,201,456, an increase of \$3,659,005 in comparison with the prior year. Approximately 18% of this total amount, \$18,392,216, is *available for spending* at the City's discretion (*unrestricted net position*).
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$10,144,040, or 13.88% of total general fund expenditures.
- The City's total bonded debt decreased by \$2,315,000 during the current fiscal year. City voters approved borrowing \$41,500,000 for renovations and addition to the South Portland High School. Construction on this project started in April of 2012 and is to be completed in phases to reduce the impact to students and taxpayers. In the coming year, the City will be borrowing an additional \$9.5 million for the final phase of the project.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of South Portland's basic financial statements. The City of South Portland's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City of South Portland's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City of South Portland's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of South Portland is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of South Portland that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City of South Portland include general government, public safety, public works, culture and recreation, transportation and waterfront, health, welfare and social services, and education. The business-type activities of the City of South Portland include water resource protection (sewage treatment) activities. The government-wide financial statements can be found on pages 31-32 of this report.

CITY OF SOUTH PORTLAND, MAINE
Management's Discussion and Analysis, Continued

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of South Portland, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of South Portland can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the city's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City of South Portland maintains individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, TIF fund, and capital projects fund, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City of South Portland adopts an annual appropriated budget for its general fund and TIF funds. A budgetary comparison statement has been provided for these funds to demonstrate compliance with their budgets.

The basic governmental fund financial statements can be found on pages 33-34 of this report.

Proprietary funds. The City of South Portland maintains one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City of South Portland uses an enterprise fund to account for its sewer user fund.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information on the individual enterprise fund, which is considered to be a major fund of the City of South Portland.

The City of South Portland adopts an annual appropriated budget for its enterprise fund. Schedules of revenues, expenses and changes in net position on the budgetary basis of accounting statement have been provided for the enterprise fund to demonstrate compliance with this budget.

The basic proprietary fund financial statements can be found on pages 37-39 of this report. The budgetary basis schedule demonstrating compliance can be found on page of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City of South Portland's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 40-41 of this report.

Management's Discussion and Analysis, Continued

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 42-63 of this report.

Other information. The combining statements referred to earlier in connection with nonmajor governmental funds are presented following the notes to the financial statements. Combining and individual fund statements and schedules can be found on pages 67-108 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of South Portland, assets exceeded liabilities by \$163,358,468 at the close of the most recent fiscal year.

City of South Portland's Net Position

	Governmental Activities		Business-type Activities		Total Activities	
	2013	2012	2013	2012	2013	2012
Current and other assets	\$ 55,980,875	\$ 77,066,411	\$ 11,834,868	\$ 12,492,248	\$ 67,815,743	\$ 89,558,659
Capital assets	111,601,253	86,621,261	50,137,633	49,975,537	161,738,886	136,596,798

Total net position	\$ 102,201,456	\$ 98,542,451	\$ 61,157,012	\$ 60,941,073	\$ 163,358,468	\$ 159,483,524

By far, the largest portion of the City of South Portland's net position (74.6% or \$121,898,082) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that are still outstanding. The City of South Portland uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City of South Portland's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City of South Portland's net position (9.9% or \$16,145,570) represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net position* (15.5% or \$25,314,816) may be used to meet the City's on-going obligation to citizens and creditors. At the end of the current fiscal year, the City of South Portland is able to report a positive balance in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

CITY OF SOUTH PORTLAND, MAINE
Management's Discussion and Analysis, Continued

The City's total net position increased by \$3,874,944 during the current fiscal year. This increase is attributable to a combination of actual revenues being in excess of estimates and management's efforts to control and reduce budgeted expenditures.

Governmental activities. During this past fiscal year, Governmental activities saw an increase in the City of South Portland's net position of \$3.659 million. This amount represented an increase in the net position of 3.71%. Key elements of this increase are as follows:

- Property and other taxes increased by \$2.2 million (3.5%). This was primary due to an increase in taxes to support the School and City budgets. Included in this tax increase was the increase to support the High School renovation project which the funding for is being phased in over several years.
- Operating grants decreased \$1.9 million. This was primary due to the school receiving considerably less Federal and state grants during the year. The prior several years included numerous ARRA grants which concluded last year.
- Total expenses increased by \$357,744 (.44%). For the year, the City had increases in public safety and interest on debt service as a result of bonding funds for the High School Project.

Management's Discussion and Analysis, Continued

Business-type activities. The City's business-type activities which consist of sewer user operations increased the City of South Portland's net position by \$216 thousand. A large portion of this was the result of the City's TIF districts transferring \$300 thousand towards the sewer capital projects.

Revenues for business-type activities increased by \$200K due to an increase in user rates which were somewhat offset by lower residential consumption during the year. Total operating expenses for business-type activities increased in total \$133K or 2.38% due primarily to an increase in depreciation (\$119K). Additionally, the fund incurred a loss on disposal of capital assets of \$128K.

Financial Analysis of the Government's Funds

As noted earlier, the City of South Portland uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The financial reporting focus of the City of South Portland's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information may be useful in assessing the City of South Portland's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of South Portland's governmental funds reported combined ending fund balances of \$47.18 million, a decrease of \$22.5 million in comparison with the prior year. This resulted from the expenditure of \$24 million relating to the High School renovation capital project.

General Fund - The general fund is the central operating fund of the City of South Portland. At the end of the current fiscal year, the total fund balance of the general fund was \$21,671,182. As a measure of the general fund's liquidity, it may be useful to compare total fund balance to total fund expenditures. General fund fund balance represents 29.65% of total general fund expenditures (\$73,089,771). Under the breakdown of fund balance, unspent appropriations related to education are reported as restricted. At June 30, 2013, general fund restricted balance for education totaled \$4,072,226, a decrease of \$1,211,798. Additionally, the City maintains various reserve balances for various future needs. These balances are now reported as either committed or assigned and in total increased by \$1,294,634 during the year primarily as a result of \$500,000 being set aside for the Municipal Services facility and an additional \$700,000 being set aside in the tax rate stabilization fund.

In June of 2011, the City Council amended its fund balance policy to better reflect the changes brought about by GASB Statement No. 54 which alters the focus and terminology used for fund balance reporting. The purpose of the fund balance policy is to help insure the future financial stability of the City and to mitigate financial risk that can occur from unforeseen revenue fluctuations or unanticipated expenditures. The City's fund balance policy, which is based on the new unassigned fund balance component of fund balance, establishes a minimum unassigned fund balance of 9% of the City's general fund budget. As of June 30, 2013, the unassigned fund balance was \$10,144,040 or 13.6% of the City's FY 2014, budget (\$74,599,789).

The total fund balance of the City of South Portland's general fund decreased by \$365,039 during the current fiscal year. Key factors in this change are as follows:

- Total actual revenues collected exceeded budgeted by approximately \$1,378,500. The largest budgetary surplus resulted from excise taxes collected in excess of budget totaling approximately \$1.23 million. The City collects considerable excise taxes from fleet vehicles. However, the reliability of this revenue stream is at times uncertain and as a result, the City budgets conservatively. Property taxes also exceeded budget by \$82K. Additionally, estimated budgets for various revenues were exceeded; State revenue sharing (101K), BETE revenue (\$221K), building permits (259K) and rescue billing (\$80K). These surplus revenues were offset by shortfalls in State Education subsidies (\$411K) and interest income (\$238K). For more detailed information on actual revenues to budget, please refer to the General Fund Highlights and Exhibit A-2.
- Total actual expenditures were less than budgeted by approximately \$1.46 million. The major discrepancies included unexpended education appropriations (\$802K), various public safety departments totaling \$109K, and public works (\$121K) coming in less than anticipated. For more detailed information on actual expenditures to budget, please refer to the General Fund Highlights and Exhibit A-2.
- As part of the City's 2013-14 capital improvement budget, the City appropriated \$1.2 million from unassigned fund balance to fund certain City capital projects. Additionally, the City contributed \$1.1 mil towards the City's tax stabilization reserve and \$500K towards the Municipal Services facility.

CITY OF SOUTH PORTLAND, MAINE
Management's Discussion and Analysis, Continued

TIF - The TIF (Tax Increment Financing) fund includes all of the activity in the City's ten tax increment financing districts. At the end of the current fiscal year, the total fund balance of the TIF fund was \$5,156,049, all of which must be used for eligible projects as defined by Maine State Law. TIF funds are typically used to fund credit enhancement agreements with developers and also to fund capital improvement projects in and around the TIF districts. During the year, the City appropriated \$530K towards sewer, storm water and public works capital improvement projects.

Capital Projects - The capital projects fund has a total fund balance of \$15,827,242. During the year, the fund balance decreased as a result of the expenditure of approximately \$24 million for the first phase of the High School Renovation project that was approved by the voters in November of 2010.

Proprietary funds. The City of South Portland's proprietary fund, which consists of the sewer user fund, provides the same type of information found in the government-wide financial statements, but in a more detail budgetary basis.

Unrestricted net position of the sewer user fund at the end of the year amounted to \$2,417,716, an increase of \$486,497. The City sets aside funds in various reserves for future capital needs. As part of its budgetary process annual appropriations are made to the reserves and are available to fund future improvements. On a budgetary basis, the sewer fund reported a surplus of \$486K, of which revenues came in greater than anticipated by \$239K and expenditures came in approximately \$247K under budget.

Budgetary Highlights

General Fund:

Revenue for the general fund totaled \$70,254,947 (on the budgetary basis of accounting) in the fiscal year ended June 30, 2013. Actual revenues exceeded estimates by \$1,378,525.

General Fund Revenues Budget to Actual Summary			
	Budget	Actual	Variance
Revenues:			
Taxes	\$ 59,138,381	60,433,578	1,295,197
Intergovernmental	6,781,780	6,625,453	(156,327)
Licenses, permits, fees and fines	761,850	1,025,315	263,465
Charges for services	1,569,861	1,748,114	178,253
Unclassified	124,550	160,689	36,139
Interest earned	500,000	261,798	(238,202)
Total revenues	\$ 68,876,422	70,254,947	1,378,525

The revenue sources responsible for this surplus include the following:

- A taxes surplus of \$1.295 million of which \$1.228 million is attributable to an excise tax surplus due primarily to budgeting conservatively for fleet vehicles which are susceptible to major swings. Additionally, property taxes exceeded budget by \$82K.
- A surplus in State revenue sharing of \$101K, State BETE revenue of \$221K were offset by a large shortfall in State Education subsidies of \$411K as a result of the governor's curtailment.
- Building permit licenses came in with a surplus of \$259K.
- A surplus in charges for services relating to ambulance billings and bus service ridership which exceed anticipated revenues by \$80K and \$47K respectively.
- An investment earnings deficit of \$238K as a result of significantly lower interest rates on investments during the year and a mark to market adjustment as a result of increasing rates at yearend.

CITY OF SOUTH PORTLAND, MAINE
Management's Discussion and Analysis, Continued

Expenditures for the general fund totaled \$68,489,790 (on the budgetary basis of accounting) in the fiscal year ended June 30, 2013.

General Fund Expenditures Budget to Actual Summary

	Budget	Actual	Variance
Expenditures:			
General government	\$2,732,993	2,674,010	58,983
Public safety	9,835,593	9,726,184	109,409
Public works	4,339,150	4,218,084	121,066
Culture and recreation	3,122,003	3,000,007	121,996
Transportation and waterfront	1,029,764	997,583	32,181
Health, welfare and social services	365,421	326,893	38,528
Insurance and fringe benefits	5,697,050	5,552,005	145,045
Education	39,590,803	38,788,570	802,233
Intergovernmental (county tax)	2,075,037	2,075,037	-
Other	112,000	82,568	29,432
Debt Service	1,051,550	1,048,849	2,701
Total expenditures	\$69,951,364	68,489,790	1,461,574

The following areas had expenditure surpluses attributable to management efforts to control budgeted expenditures:

- General government legal expenditures were lower than anticipated with a surplus to budget of \$26K.
- Public safety expenditures were under budget with police (surplus of \$41K), fire (surplus of \$25K) and communications (surplus of \$32K) making up the larger components.
- Public works was under budget because of lower tonage for rubbish disposal (surplus of \$88K), streets and sidewalks (surplus of \$44K) and the garage (surplus of \$40).
- Citywide insurance and benefits cost surplus of \$145.
- Education surplus of \$802K attributable to lower than anticipated, High School (surplus of \$186K) special education costs (surplus of \$214K), assistant superintendent (surplus of \$138K) and operations and maintenance (surplus of \$185K).

Management's Discussion and Analysis, Continued

Capital Asset and Debt Administration

Capital assets. The City of South Portland's investment in capital assets for its governmental and business-type activities as of June 30, 2013 amounts to \$161,738,886 (net of accumulated depreciation). This investment in capital assets includes land, buildings, sewer system, improvements, machinery and equipment, vehicles, park facilities, roads, highways and dams. The total increase in the City of South Portland's investment in capital assets for the current fiscal year was 3.55% (a 4.03% increase for governmental activities and a 2.72% increase for business-type activities).

City of South Portland's Capital Assets
(net of depreciation)

	Governmental Activities		Business-type Activities		Total

Construction in progress	29,179,795	4,891,087	588,433	3,085,231	29,768,228	7,976,318
Vehicles	4,560,875	4,260,981	395,851	506,242	4,956,726	4,767,223
Total	\$111,601,253	86,621,260	50,137,633	49,975,537	161,738,886	136,596,797

Major capital asset events during the current fiscal year included the following:

- Millcreek park improvements totaling \$317,000 and playscape at Wainwright fields totaling \$86,000.
- Land addition on Highland Avenue at entrance to transfer station and future municipal services facility.
- City hall improvements to roof and exterior totaling \$195,000.
- Construction work in progress relating to phase 1 of the High School Renovation project totaling \$24.6 million.
- Various vehicles purchased included a new \$456,000 Pierce Fire truck pumper, a \$114,000 MT6 Trackless sidewalk tractor for public works, two new school buses totaling \$175,000, a new fire boat totaling \$74,000 and various other City vehicles totaling \$340,000.
- Telecommunications tower at West End Fire station totaling \$110,000.
- SCAN backup and virtual server upgrade totaling \$85,000.
- Pedestrian bridge at branch library totaling \$91,000.
- Various paving and sidewalk projects totaling \$625,000.
- Completion of construction of CSO clarifier equipment and domes totaling \$1,086,000.
- Upgrade and conversion to gas of boilers at Mahoney Middle School totaling \$127,000.
- Completion of Phase 2 sewer, storm water, street, sidewalk, and lighting projects for the Knightville area totaling \$3,136,000.
- Mussey Street sewer improvements totaling \$257,000.
- Completion of the pump station telemetry alarm system totaling \$1,421,000.

Additional information on the City of South Portland's capital assets can be found in the notes to the financial statements on pages 51-52 of this report.

CITY OF SOUTH PORTLAND, MAINE
Management's Discussion and Analysis, Continued

Long-term debt. The State allows municipalities to borrow up to 15% of their total valuation. With the City's State Valuation at \$3,516,250,000 for 2013, the debt limit would be over \$527,000,000. Our current debt is \$47,722,187 or less than 1.36% of State Valuation or approximately 9.05% of the City's debt limit. Another measure of a municipality's debt load is debt per capita. As of June 30, 2013, the City of South Portland's debt per capita (including lease obligations) was \$2,034 as compared to the prior year of \$2,090.

The following is a summary of bond and note transactions of the City for the year ended June 30, 2013:

	Governmental <u>Activities</u>	Business-type <u>Activities</u>	<u>Total</u>
General Obligation Bonds payable at June 30, 2012	\$ 49,590,000	474,289	50,064,289
Principal additions	-	-	-
Principal payments	(2,315,000)	(27,102)	(2,342,102)
General Obligation Bonds payable at June 30, 2013	\$ 47,275,000	447,187	47,722,187

The City of South Portland's total bonded debt decreased by \$2,342,102 during the current fiscal year as a result of repayments and no additional borrowing.

The City of South Portland maintains an "Aaa" rating from Moody's and an "AA+" rating from Standard & Poor's for general obligation debt. Please refer to the agencies' reports for a comprehensive explanation of their rating assessment.

Additional information on the City of South Portland's long-term debt can be found in the notes to the financial statements on pages 52-54 of this report.

Economic Factors and Next Year's Budgets and Rates

South Portland continues to be the retail center for Northern New England with a diverse economic base that includes a regional mall, numerous large insurance and financial service companies, two semi-conductor manufacturing plants, hotels and restaurants, and petroleum distribution facilities. The local economy of the City of South Portland has not been immune from the recent global recession experience over the past few years. However, development has continued with strong building permit activity into the new fiscal year.

- The October 2013 unemployment rate for the Portland/South Portland area is currently at 4.8% which is .7% less from the rate a year ago of 5.5%. This rate compares favorably to the state's average unemployment rate of 6.7% and the national average rate of 7.2%.
- As of December 2012, the vacancy rate for Class A office space in the mall area was 15.56% up from 13.13% in December 2011 and the vacancy rate for Class B office space in the mall area was 8.95% up from 8.3% in December 2011. We believe that more recent activity would conclude that the office space has improved since that time.

In adopting the budget for the ensuing fiscal year 2014, the City officials considered many factors in making judgments and estimates about the finances of the upcoming year. A primary objective was to continue to provide basic City services to the citizens while attempting to keep the property tax rate low.

CITY OF SOUTH PORTLAND, MAINE
Management's Discussion and Analysis, Continued

During the upcoming fiscal year (2014) the City's management will continue to monitor and evaluate local economic conditions. In the forefront of our revenue and expenditure concerns are:

Revenue Projections:

- Continuing uncertainty in the State budget and the funding formula for local school aid and state revenue sharing. For FY14, the City expects to experience a significant increase in school aide while seeing a drop in state revenue sharing of about 30%.
- Risk of rolling back into recession that may translate to a reduction in building permits, automobile excise revenues, recreational fees, and tax collections.
- A continued decrease in interest rates that may lead to a further reduction in investment income.

Property Values and Business Development:

- The regional economy appears to have stabilized in regards to property market values, however we will be watching this very closely over the coming months. Vacancy rates in the mall area appear to have declined significantly and the City has been working with businesses to assist in business development.

Health Insurance and Other Costs:

- The cost of health insurance continues to rise. The City is actively taking steps to improve the City's health insurance experience rating. The City feels that by having a healthier workforce its long term cost for both health and worker's compensation insurance will be reduced.
- The employer cost for funding the City's defined benefit retirement plan have increased 25% each year for the past 3 years and approximately 12% for the coming year.
- The costs of maintaining our facilities, vehicles and infrastructure including expanding paving streets.

The fiscal year 2014 budget was approved in June 2013, with a \$2,572,014 (3.57%) increase in the overall general fund expenditure budget. Included in the budget is the first full year of debt service payments in the amount of \$2,520,000 for the High School Renovation project. Due to increases in various revenues, the impact to property taxes raised only increased by \$873,042 (1.56%). Overall, the cost of living increases and increased estimated revenues resulted in a tax rate increase to 16.70 per thousand from the prior year 16.50.

Requests for Information

This financial report is designed to provide a general overview of the City of South Portland's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, City of South Portland, Maine, 25 Cottage Road, South Portland, Maine 04106.

See accompanying notes to basic financial statements.

CITY OF SOUTH PORTLAND, MAINE
Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the year ended June 30, 2013

Net change in fund balances - total governmental funds (from Statement 4)	\$	(22,473,233)
---	----	--------------

Amounts reported for governmental activities in the statement of activities (Statement 2) are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital acquisitions (\$29,499,214) exceed book value of disposed assets (\$203,181) and depreciation (\$4,316,041).		24,979,992
---	--	------------

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. This represents the change in unavailable revenues.		282,000
--	--	---------

Capital lease proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the amount by which proceeds (\$1,152,750) exceed repayments (\$217,996).		(934,754)
--	--	-----------

Change in accruals are recorded on the statement of net position, but not on the governmental fund balance sheet - accrued compensated absences (\$3,349), accrued interest (\$359,591), and other postemployment benefits liability (\$305,976).		(662,218)
---	--	-----------

Changes in long-term liabilities on the statement of net position, are expenditures in the governmental funds. This is the change of the landfill closure liability.		(9,500)
--	--	---------

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. During the year, the City did not issue any bonds. Governmental funds report the effects of premiums and discounts when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. During the year, the City amortized \$161,718 of bond premiums. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. For the year, the amount of repayments was \$2,315,000.		2,476,718
---	--	-----------

Change in net position of governmental activities (see Statement 2)	\$	3,659,005
---	----	-----------

See accompanying notes to basic financial statements.

CITY OF SOUTH PORTLAND, MAINE
Notes to Basic Financial Statements

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of South Portland, Maine functions under a City Manager - City Council form of government.

The financial statements of the City of South Portland have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. Reporting Entity

This report includes all funds of the City of South Portland, Maine. An analysis of certain criteria was made to determine if other governmental units should be included in this report. In evaluating how to define the reporting entity for financial reporting purposes, management has considered all potential component units. The criterion used defines the reporting entity as the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government. Application of this criterion and determination of type of presentation involves considering whether the activity benefits the government and/or its citizens, or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens.

It is the City's judgment, based on all pertinent facts derived from the analysis of these criteria, that there are no entities that would be considered potential component units within the City of South Portland that should be included as part of these financial statements.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The City has elected not to allocate indirect costs among the programs, functions and segments. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

CITY OF SOUTH PORTLAND, MAINE
Notes to Basic Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as certain compensated absences and claims and judgments, are recorded only when the payment is due.

Those revenues susceptible to accrual are property taxes, interest, and charges for services. Other receipts and taxes become measurable and available when cash is received by the City and are recognized as revenue at that time.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Tax Increment Financing Fund accounts for resources accumulated and payments made for the Tax Increment Financing Districts established by the City.

The Capital Project Fund accounts for the resources accumulated and payments made for the acquisition construction of major capital facilities (other than those financed by the proprietary fund).

The City reports the following major proprietary fund:

The Sewer User Fund accounts for the operation of the sewer treatment plant, sewage pumping stations and collection systems.

CITY OF SOUTH PORTLAND, MAINE
Notes to Basic Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Fiduciary funds account for assets held by the City in a trustee capacity or as an agent on behalf of others. As such, fiduciary funds are not reported in the governmental-wide statements. The City's fiduciary funds include the following:

Private-purpose trust funds account for resources where funds are legally restricted by a formal trust agreement and may be used for purposes that benefit individuals, private organizations, or other governments. These include scholarship, education, and public library funds.

Agency funds are custodial in nature and do not present results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting. The student activity funds are used to account for assets that the government holds for others in an agency capacity.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's governmental activities and business-type activities. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's proprietary fund is charges to customers for sales and services; operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Cash, Cash Equivalents and Investments

Cash and cash equivalents include amounts in demand deposits as well as time deposits and certificates of deposit owned by the City. State statutes authorize the City to invest in obligations of the U. S. Treasury, commercial paper, corporate bonds, and repurchase agreements.

Investments are stated at fair value. For purposes of the statement of cash flows, all highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents.

E. Interfund Loans

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "interfund loans receivable" or "interfund loans payable" on the balance sheet.

Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

CITY OF SOUTH PORTLAND, MAINE
Notes to Basic Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

F. Inventories

Inventories are valued at cost using the first-in, first-out (FIFO) method. The costs of governmental fund-type inventories are generally recorded as expenditures when consumed rather than when purchased.

G. Restricted Assets

The City has a \$50,000 deposit with the State of Maine related to workers' compensation self insurance from prior years.

H. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, sewer system and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal repairs and maintenance that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. If material, interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	25 - 50
Building/land improvements	20
Streets, street lights and sidewalks	10 - 20
Bridges	50
Collection and distribution systems	65
Vehicles	3 - 20
Machinery and equipment	5 - 20

I. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. The City provides vesting for vacation and sick leave benefits based upon length of employment. There is a liability for unpaid accumulated sick leave since the City does have a policy to pay a portion of unused sick time based on length of service when employees separate from service with the City. All vacation and sick leave pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

CITY OF SOUTH PORTLAND, MAINE
Notes to Basic Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

J. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

K. Fund Equity

Governmental Fund fund balance is reported in five classification that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which those funds can be spent. The five classifications of fund balance for the Governmental Funds are as follows:

- *Nonspendable* – resources which cannot be spent because they are either a) not in spendable form or; b) legally or contractually required to be maintained intact.
- *Restricted* – resources with constraints placed on the use of resources which are either a) externally imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments or; b) imposed by law through constitutional provisions or enabling legislation.
- *Committed* – resources which are subject to limitations the City imposes on itself at its highest level of decision making authority, and that remain binding unless removed in the same manner. The City Council is the highest level of decision making authority, and has the responsibility for committing fund balance amounts and likewise would be required to modify or rescind those commitments by passage of an order.
- *Assigned* – resources that are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. The City Council has delegated the authority to assign fund balance to the City's Finance Director based on prescribed policies previously established by the City Council.
- *Unassigned* – resources which have not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount.

The City's fund balance policy states when both restricted and unrestricted resources are available for use, it is the City's intent to use restricted resources first, then unrestricted resources as they are needed. When committed, assigned and unassigned resources are available for use, it is the City's intent to use committed or assigned resources first, and then unassigned resources as they are needed. The City Council approved the fund balance policy and fund classifications on June 20, 2012, in order #166-10/11.

L. Interfund Transactions

Interfund services provided and used are accounted for as revenues or expenditures. Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed.

All other interfund transactions, except internal services provided and used for transactions and reimbursements, are reported as transfers.

CITY OF SOUTH PORTLAND, MAINE
Notes to Basic Financial Statements, Continued

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

M. Comparative Data

Comparative total data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the City's financial position and operations. However, comparative data has not been presented in all statements because its inclusion would make certain statements unduly complex and difficult to understand.

N. Use of Estimates

Preparation of the City's financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent items at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

O. Deferred Inflows of Resources

In addition to liabilities, the balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises under a modified accrual basis of accounting that qualifies for reporting in this category, unavailable revenue from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

P. Net Position

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds and capital leases payable and adding back any unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The City's net investment in capital assets was calculated as follows at June 30, 2013:

	<u>Governmental activities</u>	<u>Business-type activities</u>
Capital assets	\$ 194,463,063	90,324,027
Accumulated depreciation	(82,861,810)	(40,186,394)
Bonds payable and premiums	(49,850,862)	(447,187)
Add back bonds payable pertaining to Maine PERS	2,520,000	-
Add back bond proceeds unexpended	11,070,586	-
Capital leases	(3,133,341)	-
Net investment in capital assets	\$ 72,207,636	49,690,446

CITY OF SOUTH PORTLAND, MAINE
Notes to Basic Financial Statements, Continued

STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

An annual budget is adopted by the City Council for the General Fund, Sewer Use Fund and the TIF Fund. The budgets are prepared substantially in accordance with accounting principles generally accepted in the United States of America, except that the general fund revenues and expenditures related to "on-behalf payments" made by the State of Maine to the Maine Public Employees Retirement System for teachers and other school employees are not budgeted. The Sewer Use Fund budgets for debt service principal and interest payments as an expense and does not budget for depreciation expense. In addition, capital contributions from other funds are not budgeted. The legal level of budgetary control is at the department level.

The City employs encumbrance accounting in the governmental funds. Encumbrances outstanding at year-end are reported as assigned fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year. At year end, the amount of encumbrances expected to be honored upon performance by the vendor in the next year were in the general fund in the amount of \$344,311.

B. Excess of Expenditures Over Appropriations

Per City Charter, the level of budgetary control is at the department level. For the year ended June 30, 2013, all departments were within their charter level budget limits.

C. Deficit Fund Balances

At June 30, 2013, the following funds had deficit fund balances:

<u>Special Revenue Funds:</u>		<u>Private-purpose Trust Funds:</u>	
Long Creek Watershed Plan	\$ 1,249	A Varanelli Scholarship	15
LID Manual	4,826		
Officer Friendly	39		
Bug Light Beautification	941		
Recreation	102,802		
Title V	2		
Learning Results	405		
Memorial Tech Grant - Koelker	1,237		
National Semiconductor - Brown	3,683		
Dyer Friends	1,104		
Staff Computer Training	476		
Small Friends	50		
Adult Ed Enrichment	116		

These deficits will be funded by future grant revenue, charges for services, lease proceeds or transfers.

CITY OF SOUTH PORTLAND, MAINE
Notes to Basic Financial Statements, Continued

DEPOSITS AND INVESTMENTS

As of June 30, 2013, the City had the following deposits and investments with the following maturities, some of which are classified as cash and cash equivalents:

	<u>Fair value</u>	<u>Less than 1 year</u>	<u>1 – 5 years</u>	<u>Over 5 years</u>
Checking, money market and cash management sweep	\$ 17,128,835	17,128,835	-	-
U.S. Treasury Notes	2,060,557	165,838	1,364,510	530,209
Federal Home Loan Bank	1,985,520	-	269,370	1,716,150
Federal National Mortgage	6,146,222	-	3,755,875	2,390,347
Certificates of Deposit	39,976,895	15,425,118	24,551,777	-
Stock Mutual Fund	51,185	Not applicable		

Custodial credit risk- deposits – In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. As of June 30, 2013, the City had bank balances of \$57,105,730. In accordance with its investment policy, the City's funds should, whenever practicable, be fully covered under FDIC, fully insured or fully collateralized, or covered with an irrevocable stand by letter of credit, with pledged collateral being at least 102% of market value of the principal and accrued interest, and must be marked to market daily. As of June 30, 2013, the City had \$323,761 of deposits which were subject to custodial credit risk because they were not insured and not collateralized. This occurred as the result of an agency bond pending investment settlement.

Custodial credit risk- investments – For investments, this is the risk that in the event of failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. As of June 30, 2013, the City had fair value investment balances of \$10,243,484 of which only the stock mutual fund was subject to custodial credit risk. In accordance with its investment policy, the City minimizes custodial credit risk by doing business with authorized institutions, depositories, and broker/dealers, and that funds should be fully covered under FDIC, fully insured or fully collateralized, with pledged collateral being at least 102% of market value of the principal and accrued interest, and must be marked to market daily.

Credit risk – Maine statutes authorize the City to invest in obligations of the U.S. Treasury and U.S. agencies, repurchase agreements and certain corporate stocks and bonds. U.S. Treasury Notes are not rated. As of June 30, 2013, the City's investments in Federal Home Loan Banks and Federal National Mortgage Associations were rated AA+ by Standard & Poor's. In accordance with its investment policy, the City minimizes credit risk by limiting the types of investments to be purchased and diversifying the investment portfolio so that the impact of potential losses will be minimized.

Interest rate risk – In accordance with its investment policy, the City structures its investment portfolio so securities mature to meet cash requirements for ongoing operations. It invests funds primarily in shorter-term securities, money market mutual funds, or similar investment pools and limits the average maturity of the portfolio.

CITY OF SOUTH PORTLAND, MAINE
Notes to Basic Financial Statements, Continued

PROPERTY TAX

Property taxes for the current period were committed on July 15, 2012 on the assessed value listed as of the prior April 1 for all real and personal property located in the City. Assessed values are periodically established by the City's Assessor at 100% of assumed market value. The City performed a revaluation to bring assessed values in line with market values prior to the commitment date.

The City is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$631,508 for the year ended June 30, 2013.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The City has the authority to foreclose on property eighteen months after the filing of the lien if the tax liens and associated costs remain unpaid.

Property taxes levied during the period were recorded as receivables at the time the levy was made. The receivables collected during the period and in the first sixty days following the end of the period have been recorded as revenues. The remaining receivables have been recorded as unavailable revenues.

The following summarizes the levy:

	<u>2013</u>	<u>2012</u>
Assessed value	\$ 3,553,378,500	3,531,907,500
Tax rate (per \$1,000)	<u>16.50</u>	<u>16.10</u>
Commitment	58,630,745	56,863,711
Add:		
Supplementals	-	-
Total commitment	58,630,745	56,863,711
Less:		
Abatements	22,225	34,385
Collections	<u>57,515,651</u>	<u>55,608,726</u>

Total business-type activities					447,187
Total bonds payable					\$ 47,722,187

- (1) Of the outstanding bond principal, 81.55% is City (\$2,055,060) and 18.45% is School (\$464,940).
- (2) Of the outstanding bond principal, (\$200,000) is for City and (\$525,000) is for School.

In November of 2010, the voters approved a bond referendum for the High School Renovation and Addition project totaling \$41,500,000. During the year ended June 30, 2012, the City issued bonds totaling \$30,000,000. At June 30, 2013, \$11,500,000 was authorized but unissued for this project.

Prior year defeasance of debt. In prior years, the government defeased general obligations bonds by placing the proceeds of the new bonds in an irrevocable trust account to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and liability for the defeased bonds are not included in the government's financial statements. At June 30, 2013, \$3,300,000 of defeased bonds remains outstanding.

All governmental activity debt service payments, including capital leases and compensated absences, were made within the General Fund. Other post employment benefits are not currently being funded on a budgetary level. If and when such funding would occur, it would be funded within the General Fund. Capital lease proceeds have been recorded in the vehicle replacement city reserve fund and in the municipal buildings capital project fund.

CITY OF SOUTH PORTLAND, MAINE
Notes to Basic Financial Statements, Continued

LONG-TERM DEBT, CONTINUED

The annual requirements to amortize long-term debt outstanding as of June 30, 2013 are as follows:

<u>June 30,</u>	<u>Governmental activities</u>			<u>Business-type activities</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2014	\$ 3,810,000	1,737,727	5,547,727	27,102	-	27,102
2015	3,810,000	1,489,502	5,299,502	27,102	-	27,102
2016	3,685,000	1,344,085	5,029,085	27,102	-	27,102
2017	3,510,000	1,203,780	4,713,780	27,102	-	27,102
2018	2,830,000	1,068,275	3,898,275	27,102	-	27,102
2019-2023	12,720,000	4,146,163	16,866,163	135,511	-	135,511
2024-2028	8,950,000	2,163,563	11,113,563	135,511	-	135,511
2029-2033	7,960,000	588,400	8,548,400	40,655	-	40,655
Total	\$ 47,275,000	13,741,495	61,016,495	447,187	-	447,187

The City is subject to a statutory limitation, by the State of Maine, of its general long-term debt equal to 15% of the State's valuation of the City. At June 30, 2013, the statutory limit for the City was \$527,437,500. The City's outstanding long-term debt of \$47,722,187 at June 30, 2013 was \$479,715,313 less than the statutory limit.

In addition to the notes and bonds payable, the City is contingently responsible for the following overlapping debt as of June 30, 2013:

<u>Governmental Unit</u>	<u>Net debt outstanding</u>	<u>Applicable to South Portland</u>	<u>City of South Portland's share of debt</u>
Cumberland County	\$ 36,925,000	9.09%	3,355,768
Portland Water District	31,085,441	13.87%	4,310,153

JOINTLY GOVERNED ORGANIZATION

The City of South Portland participates in a jointly governed organization, which is not part of the City's reporting entity.

Ecomaine is a solid waste management corporation serving 40 municipalities in Cumberland, Oxford and York counties in Maine. Owned and controlled by 21 member communities, Ecomaine creates electricity through its processing of waste and also operates an extensive recycling program. The City is a member community in Ecomaine. Interlocal (waste handling) agreements between Ecomaine and participating communities obligate the members to deliver certain solid waste produced within the community to Ecomaine for processing and to make service payments and pay tipping fees for such processing. The City has no explicit, measurable equity interest and therefore has not reported an asset in these financial statements in connection with its participation in Ecomaine. Selected balance sheet information for Ecomaine for the year ended June 30, 2013 includes total assets of \$60,282,199, and total liabilities of \$17,775,424 and unrestricted net position of \$11,323,226. The liabilities include an accrual for landfill closure and postclosure care amounting to \$15,951,872. Ecomaine has a plan to fund this liability in the form of a cash reserve over the period of years between 2013 and a projected closing date. The separate audited financial statements of Ecomaine may be obtained at their administrative office: Ecomaine, 64 Blueberry Road, Portland, Maine 04102.

CITY OF SOUTH PORTLAND, MAINE
Notes to Basic Financial Statements, Continued

CAPITAL LEASES

The City has entered into lease agreements as lessee for financing the acquisition of equipment and has also entered into an energy performance lease arrangement. These leases qualify as capital leases for accounting purposes, and therefore, have been recorded at the present value of future minimum lease payments as of the date of its inception. The value of assets capitalized under these leases as of June 30, 2013 was \$3,478,814.

The following is a schedule of future minimum lease payments under the capital lease and the present value of the net minimum lease payment at June 30, 2013.

	Governmental activities
2014	\$ 436,256
2015	418,498
2016	361,985
2017	364,818
2018	371,093
2019-2023	1,653,496
Total minimum lease payments	3,606,146
Less: amount representing interest	472,805
Present value of future minimum lease payments	\$ 3,133,341

LANDFILL

The City records a liability for the estimated costs of landfill closure and postclosure care, as required by government authorities. State and federal laws and regulations require the City to place a final cover on its Highland Avenue landfill site and to perform certain maintenance and monitoring functions at the site for thirty years after closure. The landfill ceased accepting waste, effective January 1, 1993, as required by State regulations. Since that time, the twenty-five acre landfill has remained inactive. Although it was not at capacity, its useful life was over. The City completed the landfill closure process in fiscal year 2000. At June 30, 2013, the City had recorded approximately \$111,500 of estimated cost remaining related to postclosure care of the landfill. The City has amounts available in the capital project fund and general fund to fund these estimated costs. The actual cost may be higher due to inflation, changes in technology, or changes in regulations.

INTERFUND BALANCES AND TRANSFERS

As of June 30, 2013, interfund loans receivable and payable were as follows:

<u>Fund</u>	<u>Interfund receivable</u>	<u>Interfund payable</u>
General Fund	\$ -	13,946,527
Sewer Fund	11,392,334	-
Nonmajor Special Revenue Funds:		
City Special Revenues	2,654,789	-
School Grant Funds	-	201,817
School Adult Education	7,470	-
School Lunch Fund	87,965	-
Nonmajor Permanent Funds:		
City Permanent Funds	-	4,320
Private-purpose Trust Funds	10,106	-
Total interfund balances	\$ 14,152,664	14,152,664

CITY OF SOUTH PORTLAND, MAINE
Notes to Basic Financial Statements, Continued

INTERFUND BALANCES AND TRANSFERS, CONTINUED

The purpose of interfund loans is to charge revenues and expenditures to the appropriate fund when that activity is accounted for through the centralized checking account. The balances represent each fund's portion of the centralized checking account.

As of June 30, 2013, interfund transfers were as follows:

<u>Fund</u>	<u>Transfers in</u>	<u>Transfers out</u>
General Fund	\$ 731,353	2,259,105
Sewer Fund	300,000	1,008
Tax Increment Financing	-	685,934
Capital Projects	1,690,861	51,491
Nonmajor Special Revenue Funds:		
City Special Revenues	139,006	245,781
School Grant Funds	12,099	-
School Lunch Fund	370,000	-
Total interfund transfers	\$ 3,243,319	3,234,319

The primary purpose of the transfers is to move unrestricted revenues from various funds to finance various programs and capital projects that the City must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or match funds for various grant programs.

FUND BALANCES

Minimum fund balance policy. The City Council has adopted a financial policy to maintain a minimum level of unassigned fund balance in the general fund. The minimum target level is set at 9% of general fund budgeted expenditures. In the event that the unassigned fund balance drops below this minimum level, the City will develop a plan, implemented through the annual budgetary process, to bring the balance back to the target level over a period of no more than three (3) fiscal years. Amounts in excess of the targeted maximum of 12% of general fund measured on a GAAP basis shall be used for capital improvements or other one-time expenditures as identified by the City Council. The policy was adopted by the City to recognize the financial importance of a stable and sufficient level of unassigned fund balance. However, the City Council reserves the right to appropriate funds from the unassigned fund balance for emergencies and other requirements the City Council believes to be in the best interest of the City of South Portland. At June 30, 2013, the City maintained an unassigned general fund balance of \$10,144,040 which is 13.60 percent of the fiscal year 2014 budget of \$74,599,789.

Stabilization arrangement. In the periods of economic decline where valuation assessments are flat or decreasing, and/or periods of significant estimated revenue loss or periods of high increases in budgeted expenditures, the City Council may set aside funds in the tax rate stabilization reserve to be used to reduce the needs from taxation for the coming year(s). Funds set aside in the tax rate stabilization reserve should have a planned exit strategy to reduce the use of such reserves in subsequent budgets and should be fully funded to the extent necessary to properly provide a declining (tiered) use of this reserve for a period no greater than 5 years. The objective of this tiered approach is to lessen the impact in subsequent years for the lower estimated revenues from the tax rate stabilization reserve. The committed general fund balances include a \$1,706,229 tax rate stabilization reserve at June 30, 2013 with \$550,000 anticipated to be used in the funding of fiscal year ending June 30, 2014 budget.

MAINE PUBLIC EMPLOYEES RETIREMENT SYSTEM (Maine PERS)

Maine Public Employees Retirement System - Consolidated Plan

Description of the Plan - The City contributes to the Maine Public Employees Retirement System Consolidated Plan, a cost sharing multiple-employer public employee retirement system established by the Maine State legislature. The Maine Public Employees Retirement System provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The authority to establish and amend benefit provisions rests with the State Legislature. The Maine Public Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the Consolidated Plan. That report may be obtained by writing to Maine Public Employees Retirement System, 46 State House Station, Augusta, Maine 04333-0046 or by calling 1-800-451-9800.

Funding Policy - Plan members are required to contribute 6.5% of their annual covered salary and the City of South Portland is required to contribute an actuarially determined rate. The current rate is 5.3% of covered payroll for the regular plan and 10% of covered payroll for the special plan. The contribution rates of plan members and the City of South Portland are established and may be amended by the Maine Public Employees Retirement System Board of Trustees. The City's contributions to the Maine Public Employees Retirement System Consolidated Plan for the year ended June 30, 2013, 2012 and 2011 were \$796,790, \$639,328, and \$486,241, respectively, and were equal to the required contribution for each year.

CITY OF SOUTH PORTLAND, MAINE
Notes to Basic Financial Statements, Continued

MAINE PUBLIC EMPLOYEES RETIREMENT SYSTEM (Maine PERS)

Maine Public Employees Retirement System – Teachers Group

Description of Plan – All school teachers, plus other qualified educators, participate in the Maine Public Employees Retirement System's teacher group. The teacher's group is a cost-sharing plan with a special funding situation, established by the Maine State legislature. The Maine Public Employees Retirement System provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The authority to establish and amend benefit provisions rests with the Maine Public Employees Retirement System Board of Trustees. The Maine Public Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the Teacher's Group. That report may be obtained by writing to Maine Public Employees Retirement System, 46 State House Station, Augusta, Maine 04333-0046 or by calling 1-800-451-9800.

Funding Policy – Plan members are required to contribute 7.65% of their compensation to the retirement system. The State of Maine Department of Education is required, by the same statute, to contribute the employer contribution which amounts to \$3,392,566 (15.86%) for the fiscal year 2013. This amount has been reported as an intergovernmental revenue and retirement expenditure in the GAAP basis financial statements (Statements 2 and 4). There is no contribution required by the School except for federally funded teachers, for which the School contributed 16.33% of their compensation. This cost is charged to the applicable grant.

OTHER POST EMPLOYMENT BENEFITS

The Governmental Accounting Standards Board (GASB) promulgated its Statement 45 which addressed the reporting and disclosure requirements for other post employment benefits (OPEB). GASB Statement 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, was implemented, as required, by the City of South Portland for the year ended June 30, 2009. Under this pronouncement, it requires that the long-term cost of retirement health care and obligations for other postemployment benefits be determined on an actuarial basis and reported similar to pension plans.

The City is a member of the Maine Municipal Employees Health Trust. The Trust is an agent multiple employer Voluntary Employee's Beneficiary Association. The City is an individually rated member within the Association. The Trust issues a publicly available financial report. That report may be obtained by writing to the Maine Municipal Association at 60 Community Drive, Augusta, ME 04332. The Trust contracted with an outside consultant to assist in the determination and valuation of the City's OPEB liability under GASB Statement 45. The most recent OPEB liability actuarial valuation was completed by the consultants in October 2013 based on an actuarial valuation date of January 1, 2013.

Plan Descriptions – In addition to providing pension benefits, the City provides health care benefits for certain retired employees. Eligibility to receive health care benefits follows the same requirements as MainePERS. Eligible retirees are required to pay 100% of the health insurance premiums to receive health benefit coverage.

Funding Policy and Annual OPEB Cost – GASB Statement 45 does not mandate the prefunding of postemployment benefits liability. The City currently plans to fund these benefits on a pay-as-you-go basis primarily from the general fund. No assets have been segregated and restricted to provide postemployment benefits. The annual required contribution (ARC), an actuarial determined rate, represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize unfunded actuarial liabilities over a period not to exceed thirty years.

CITY OF SOUTH PORTLAND, MAINE
Notes to Basic Financial Statements, Continued

OTHER POST EMPLOYMENT BENEFITS, CONTINUED

The following table represents the OPEB costs for the year and the annual required contribution:

	<u>2013</u>	<u>2012</u>	<u>2011</u>
Normal cost	\$ 104,974	90,618	90,618
Amortization of unfunded	228,327	228,444	228,444
Adjustment to ARC	(41,925)	(29,511)	(20,629)
Interest	35,600	26,731	20,588
Annual required contribution	\$ 326,976	316,282	319,021

Net OPEB Obligation – The City's net OPEB obligation was calculated as follows:

	<u>2013</u>	<u>2012</u>	<u>2010</u>
OPEB liability, July 1, 2012	\$ 724,976	510,306	356,715
Annual required contribution	326,976	316,282	319,021
Less: Actual contributions	(21,000)	(101,612)	(165,430)
OPEB liability, June 30, 2013	\$ 1,030,952	724,976	510,306

Funding Status and Funding Progress – The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation was as follows:

	<u>2013</u>	<u>2012</u>	<u>2011</u>
Annual required contribution	\$ 326,976	316,282	319,021
Actual contribution	21,000	101,612	165,431
Percent contributed	6.42%	32.13%	51.86%
Actuarial accrued liability	\$ 4,106,163	4,108,269	4,108,269
Plan assets	-	-	-
Unfunded actuarial accrued liability	\$ 4,106,163	4,108,269	4,108,269
Covered payroll	12,399,860	12,376,330	11,964,142
Unfunded actuarial accrued liability as a percentage of covered payroll	33.11%	33.19%	34.34%

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

CITY OF SOUTH PORTLAND, MAINE
Notes to Basic Financial Statements, Continued

OTHER POST EMPLOYMENT BENEFITS, CONTINUED

Actuarial Methods and Assumptions – Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the City and plan members at that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of plan assets. Significant methods and assumptions were as follows:

Actuarial valuation date	1/1/13
Actuarial cost method	Projected Unit Credit
Amortization method	Level dollar, open
Remaining amortization period	30 years
Actuarial assumptions:	
Investment rate of return	4.0%
Projected salary increases	3.0%
Healthcare cost trend rate	4.25%

DEFERRED COMPENSATION PLAN

The City of South Portland offers on a voluntary basis to all permanent employees working at least fifteen hours per week and covered by the City's Section 215 Agreement (Social Security), and who do not participate in the Maine Public Employees Retirement System Plan, the following options, with a City contribution: Internal Revenue Code Section 457, Deferred Compensation Plan or Internal Revenue Code Section 401(a), Defined Contribution Plan. In addition, employees who participate in the MPERS plan or 401(a) plans may also participate in the 457 Deferred Compensation Plan without a City contribution. The employees' accounts are not available until termination, retirement, death or an unforeseeable emergency. The City contributed approximately \$338,530 to the plans during the year ended June 30, 2013.

RISK MANAGEMENT

The City is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions. During fiscal year 2013, the City was a member of the Maine Municipal Association Property and Casualty Risk Pool which provides auto, general liability, and property insurance, as well as the Maine Municipal Associations Workers' Compensation Fund. Members of the pools have joint and several liability. If the assets of the Pool are at any time actuarially determined to be insufficient to enable the Pool to discharge its legal liabilities and other obligations and to maintain actuarially sound reserves, the Pool has the power to make up the deficiency by the levy of a pro-rated assessment upon Pool Members for the amount needed to make up the deficiency. Management believes that no such deficiency exists at June 30, 2013. The City also maintains commercial insurance for other specific liabilities with deductibles from \$1,000 to \$25,000. There have been no changes in commercial coverage from the prior year and no settlements have exceeded insurance coverage in any of the past three years.

Prior to June 30, 1993, the City was partially self-insured with respect to workers' compensation insurance coverage and maintains a \$50,000 restricted deposit with the State of Maine for this program. Deductible amounts under excess workers' compensation insurance coverage range from \$250,000 to \$350,000 per claim with an aggregate deductible ranging from \$459,000 to \$1,650,000. The City is also self-insured with respect to unemployment benefits.

CITY OF SOUTH PORTLAND, MAINE
Notes to Basic Financial Statements, Continued

RISK MANAGEMENT, CONTINUED

The following summarizes the claims activity with respect to the City's self-insurance programs during 2013:

	<u>Workers'</u> <u>Compensation</u>	<u>Unemployment</u>
<u>Unpaid claims as of the beginning of year</u>	<u>\$ 101,838</u>	<u>-</u>
Provision for current year events	-	54,117
<u>Increase in provision for prior year events</u>	<u>-</u>	<u>-</u>
Total incurred claims	-	54,117
Payments:		
Claims attributable to current year	-	54,117
<u>Claims attributable to prior year</u>	<u>4,308</u>	<u>-</u>
Total payments	4,308	54,117
<u>Unpaid claims, end of year</u>	<u>\$ 97,530</u>	<u>-</u>

The following summarizes the claims activity with respect to the City's self-insurance programs during 2012:

	<u>Workers'</u> <u>Compensation</u>	<u>Unemployment</u>
<u>Unpaid claims as of the beginning of year</u>	<u>\$ 125,000</u>	<u>-</u>
Provision for current year events	-	35,143
<u>Increase in provision for prior year events</u>	<u>-</u>	<u>-</u>
Total incurred claims	-	35,143
Payments:		
Claims attributable to current year	-	35,143
<u>Claims attributable to prior year</u>	<u>23,162</u>	<u>-</u>
Total payments	23,162	35,143
<u>Unpaid claims, end of year</u>	<u>\$ 101,838</u>	<u>-</u>

The estimate of unpaid claims is based on a review of actual claims by an independent third party.

CONTINGENT LIABILITIES

Grant Funds – Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

GENERAL FUND

The General Fund is the general operating fund of the City. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. The fund pays general operating expenditures, fixed charges and capital improvement costs which are not paid through other funds.

STATISTICAL SECTION

STATISTICAL SECTION

This part of City of South Portland's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents

Tables

Financial Trends

1-5

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Revenue Capacity

6-11

These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.

Debt Capacity

12-14

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

15-16

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

Operating Information

17-19

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

(a) Intergovernmental expenditures relating to County Tax have been reclassified to general government and public safety starting in Fiscal year 2008 to better reflect the function of those expenses. No restatement for county tax has been made for years prior to fiscal year 2008.

(b) Certain recreation charges for services have been reclassified from previously recorded miscellaneous receipts to properly reflect their classification

(c) The business-type activities transfer was a result of sewer pipe infrastructure entered into Public Works, but should have been attributed to Water Resource Protection.

(d) Fiscal year 2009 public works includes a one time contribution towards a state road interchange project of \$2,050,000

(e) Fiscal year 2009 was the first year of GASB #45 which includes the recognition of the annual required contribution for other post employment benefits.

(f) Fiscal years 2009 and 2010 have been restated to correct an actuarial error in the calculation of OPEB liability.

The City annually adopts an annual budget for which property taxes are levied. The education and County Tax are part of the total property tax levy. The distribution shown above reflects the amount each component requires of the tax levy.

(a) Cumberland County assesses a county tax to the City of South Portland. The City includes the county assessment in the City's total direct tax rate. The rate shown here reflects the portion of the City's total direct tax rate levied by the City to pay the county tax assessment.

(b) A revaluation designed to bring assessed values in line with market values was conducted.

(d) \$30 Million in GOB's issued for phase one of High School Project

Table 13

CITY OF SOUTH PORTLAND, MAINE
Direct and Overlapping Governmental Activities Debt
June 30, 2013

Jurisdiction	Debt Outstanding	Percentage Applicable to Government	Amount Applicable to Government
Direct:			
City of South Portland General Obligation	\$ 47,722,187	100.00%	\$ 47,722,187
City of South Portland Capital Leases	3,133,341	100.00%	3,133,341
Total direct debt	<u>50,855,528</u>		<u>50,855,528</u>
Overlapping:			
Portland Water District	31,085,441	13.87%	4,310,153
Cumberland County	36,925,000	9.09%	3,355,768
Total overlapping debt	<u>68,010,441</u>		<u>7,665,921</u>
Total direct and overlapping debt	<u>\$ 118,865,969</u>		<u>\$ 58,521,449</u>

Note: Annually Cumberland County assesses each municipality its proportionate share of the County tax required to fund the County budget. The County tax assessment applicable to the City of South Portland is included in the total property tax levy of the City of South Portland.

Sources: The outstanding debt for Cumberland County has been provided by the County. The percentage applicable to the City of South Portland is based on the ratio of the State equalized assessed valuation for the City of South Portland versus the equalized State valuation Cumberland County.

The outstanding debt for Portland Water District has been provided by the District. The percentage applicable to the City of South Portland is based on the ratio of the State equalized assessed valuation for the City of South Portland versus the equalized State valuation of all municipalities located within the District.

CITY OF SOUTH PORTLAND, MAINE
Legal Debt Margin Information
June 30, 2013

The amount of debt a Maine municipality may have is governed by title 30-A.M.R.S.A. section 5702. The law limits total debt and debt for specific categories. Total debt cannot exceed 15% of the City's last full State Valuation. Debt for specific categories is limited to a percentage of State Valuation. As the following table indicates, based on a 2013 State Valuation of \$3,516,250,000, the City is in compliance with the total and categorical debt limits:

Legal Debt Margin Calculation for Fiscal Year 2013

State Valuation	\$ 3,516,250,000
Debt Limit - 15% of State Valuation	527,437,500
Less outstanding debt applicable to debt limit	<u>(47,722,187)</u>
Legal Debt Margin	<u>\$ 479,715,313</u>

Note: Neither the municipal nor the education departments have maintained their employment numbers on a full-time equivalents basis. The above represents the departments best estimates of full-time positions for the various fiscal years. Many seasonal and part-time positions have not been included or converted to full-time equivalents. Further, the determination of which positions have been counted as full-time may have varied from year to year. All of the positions may or may not have been filled as of June 30 of any given year.
